

ProActive Workforce Safety

Watch Your Step

- Turn on lights
- Pay attention to what is in your path
- Shorten your stride on smooth surfaces

Wear Appropriate Footwear

- Choose slip-resistant footwear that's right for your work area
- Replace boots and shoes when soles worn down

Manage Hazards

- Clean up spills as soon as possible (or alert others of the danger)
- Surround spill with a barrier to help contain area

Clear the Way

- Keep walkways free of clutter and obstructions
- Put trash or scraps in appropriate receptacles not on the floor

Use Safeguards

- Grasp handrail when using stairs
- Wear harnesses, lanyards or appropriate PPE when working at heights

Climb Safely

- Use a ladder or stepstool to reach objects— not a desk, chair or box, etc.
- Always face the ladder when climbing or descending
