

Amplifon Hearing Health Care

Plymouth, Minnesota

TPM Member Since August 2015

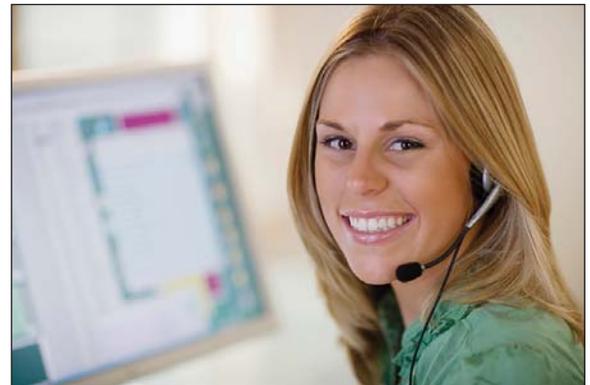

Currently, one in nine Americans (that's 36 million people!) have hearing loss and that number is expected to double by 2030. But 95% of hearing loss can be treated with hearing aids.

Amplifon has providers across the United States.

Today, Amplifon Hearing Health Care (Amplifon) is a national network of hearing health care professionals with locations across the U.S. Amplifon has partnered with TPM to provide national hearing care coverage for our association. (All employees of TPM member companies are eligible for this program.)

When you call Amplifon, a patient care advocate will assist you in setting up an appointment.

In 1995, Amplifon Hearing Health Care, formerly HearPO, was founded in New Mexico to provide a network for audiology clinics to participate in managed care. Amplifon was designed by audiologists to meet the challenges of the healthcare marketplace. This design has grown to include discounts on hearing testing, hearing aids, and exceptional service and aftercare programs.

Amplifon Hearing Health Care is a division of Amplifon SpA, the world's largest distributor of hearing aids and hearing services, notes Amber Lund, Vice President, Amplifon Hearing Health Care. "As one of the most recognized names in hearing healthcare, Amplifon has earned a strong reputation for helping people reconnect to life's

When you visit with an Amplifon provider you can be sure you are receiving the best care available.

Why put it off, make an appointment today and discover the help that is available.

Amplifon is focused on assisting the hearing impaired with their hearing needs.

Amplifon can provide valuable education, quality products and professional care to reach this population. There are 36 million Americans with hearing loss but only 23% look to hearing aids for assistance. The Amplifon focus is to use the program to make people aware of this disability so they can receive the help they need. Statistics show that 95% of hearing loss can be improved with the use of hearing aids.

The company has an established track-record of excellence with its customers and has received over 90% customer satisfaction from our patients for over the last decade.

Amplifon has made it easy for any of the TPM members to schedule an appointment and go to great lengths to make sure that everything goes smoothly.

1 Call Amplifon at **1-888-832-2134** and a Patient Care Advocate will assist you in finding a hearing care provider near you.

2 Our advocate will explain the Amplifon process, request your mailing information and assist you in making an appointment with a hearing care provider.

3 Amplifon will send information to you and the hearing care provider. This will ensure your Amplifon program is activated.
