

# Building Solutions LLC

Bend, Oregon

TPM Member Since September 2015

Working as a general contractor in 2002, Rick Wight built homes and developed property in Central Oregon. Rick was impressed by a very small vendor he purchased materials from, the company provided great customer service and pricing. From this great experience he started his company Building Solutions. From the Building Solutions, LLC, facility of more than three acres, conveniently located in Bend, it supplies builders with traditional lumber, trusses, roofing, decking, windows, doors, cabinets, molding, siding, fencing and so much more!

Building Solutions can handle a building project from beginning to end, from the ground up. From foundation materials down to the doorknobs and kitchen sink, its employees have the knowledge and experience to complete any building project (outside of electrical and plumbing).

*The entrance at Building Solutions invites you in. They are able to meet all of your building needs.*

*Projects are easily completed when you can purchase all the right materials at the same location.*

The Building Solutions website, [www.buildingsolutionsbend.com](http://www.buildingsolutionsbend.com) offers customers a video series of "how to it." They also have online customer center credit application and warranty information for the products they sell.

Building Solutions is one of Central Oregon's leading providers of residential and commercial decking and siding materials. It supplies sustainably-harvested redwood deck materials, and decks and siding in cedar, composite, and more. The design center carries a variety of windows and doors from the most reputable manufacturers, with in-house samples of color options and specialty glasses. Building Solutions offers both wood and vinyl and if it is not in stock, the staff will

Its building material experts begin with the in-house takeoff from blueprints and, when necessary, visit the jobsite to ensure accurate measurements. The Building Solutions service area covers most of Central Oregon, including Redmond, Madras, La Pine, Sisters and Sunriver. With the largest delivery fleet in Bend and accurate in-house takeoffs, Central Oregon's most respected home builders and contractors choose Building Solutions for top-quality building materials and top-shelf customer service.

Most of the company's staff have either been builders or contractors themselves. The on-the-job experience provides clients with unmatched customer service. The Building Solutions team has decades of building experience and industry knowledge, and are dedicated to the client's building project.

special order it and deliver it to your site. The design center also has a wide selection of lumber and trusses, roofing materials, kitchen and bath products, and even hardware and tools.

The company executives and staff believe in community involvement. They work and play in central Oregon, and believe that community is very important and often engage in local events. During June 2015 the company hosted its annual NeighborImpact food drive and company barbeque. The event organizers estimate that 600 pounds of food was collected

*Building Solutions is a leading window and door supplier in the Bend area. Since 2003 its experienced professionals have been supplying Central Oregon's leading homebuilders and contractors with new, replacement and upgraded windows and doors.*

for the Central-Oregon not-for-profit organization. Building Solutions also supports Bend Habitat for Humanity, Toys-for-Tots, NeighborImpact and other community projects.

Building Solutions first joined TPM for its medical health plan during the economic downturn. Tim Fife, General Manager said, "TPM offered a plan that nobody else could match with rates that we could afford so we could still offer medical benefits to our employees through the tough economic times." He went on to say, "As we continue our relationship with TPM we look forward to using many of their services. In particular will be looking into CPR Training, Leadership Training, Employee Assistance Programs as well as the Wage Surveys and Legal Consultations just to mention a few of the great services that we are looking to use."

*Building Solutions has a respected name in the Central Oregon area. Great products availability and custom service experts, provide a one stop shop for all construction needs.*
